[04.15.19 TCEQ Comments on the Equipment Decon Plan .pdf](#)

Helen,

The attachment constitutes the TCEQ's response to ITC's revised 2nd 80's Fire Deer Park, Equipment Decontamination Plan, 04/15/2019 submitted by Intercontinental Terminals Company – Deer Park.

The TCEQ may provide supplemental responses or requests for information at its discretion.

Please let us know if you have any questions or need additional details.

Subject: RE: 2nd 80s Fire Equipment Decon Plan, 04/12/2019 for UC approval

Please see attached the response to TCEQ's 04.14 comments and the revised plan which addresses these comments. Please note that the following personnel met last night to go through these comments in detail and agree on the required response so that this plan can be finalized: FOSC (EPA- Adam Adams), SOSCs (TCEQ -Carlton Porter and Seth Tate), TCEQ's Bob Patton (via phone), Environmental Unit Leader (Helen Dubach), Decon Group Supervisor (Randy Henry), Decon Specialist (Ray McKelvey), and Sampling Specialist (Jeff Wakefield).

Decon site preparation is expected to be completed today, with the anticipation that Operations will be ready to commence equipment decon at the Enterprise site tomorrow (04.16). If any additional comments are forthcoming, we request a meeting with TCEQ personnel with approval authority today so that we can address any remaining concerns and get this plan approved today, and prevent the delay of emergency response operations.

Cheers,

Helen Dubach

Please find attached the Equipment Decon Plan for approval.

Special thanks to Nicole Weist of TCEQ for spending half the day with myself, Decon Ops personnel, and our Sampling Specialist working through TCEQ's comments on the draft plan and getting this finalized.

Cheers,

Helen Dubach
